***ANNUAL REPORT ON THE ACTIVITIES OF  
IMAM-E-ZAMANA EDUCATION SOCIETY FROM  
2018 TO 2019***

***“To make one good action  
succeed another, is the  
perfection of goodness”***

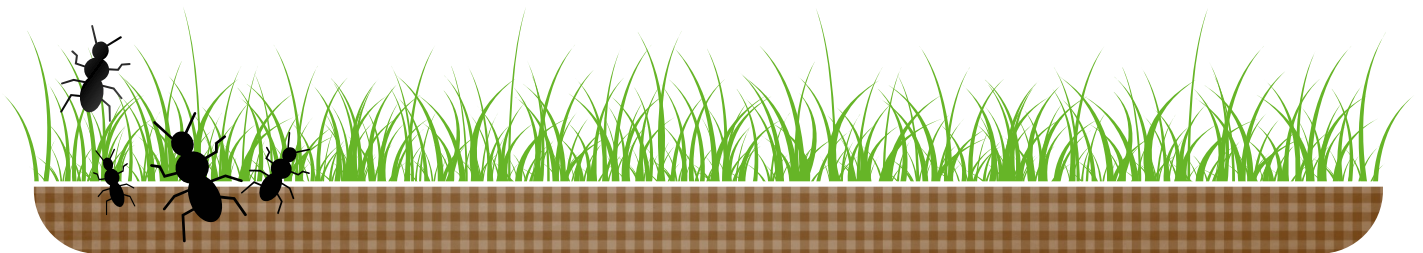

***Presented by***

***Mr. Akbarali Kasimali Virjee,***

***President,***

***IMAM—E—ZAMANA EDUCATION SOCIETY***

Respected Members,  
SalaamunAlaikum

I welcome you to the Annual General Body Meeting of Imam E Zamana Education Society. I thank Allah (SWT) and the Holiest 14 Infallibles for bringing us together today and to help me to apprise you of the work and achievements. It is my privilege to be amongst you and address this meeting.

I am confident that with the help and guidance from **Allah swt and Ahle bait a.s.**, IZES can do more and more to serve the community and provide quality education for our children, which is the need of the hour.

### **STRENGTH OF STABILITY**

One of the greatest strengths of a successful organization is its ability to channelize its efforts in upholding its vision. Since its inception, efforts of IZES have been for the betterment of Shia community in particular and underprivileged section of society in general. IZES has always taken initiatives to act as a bridge between donors and beneficiaries.

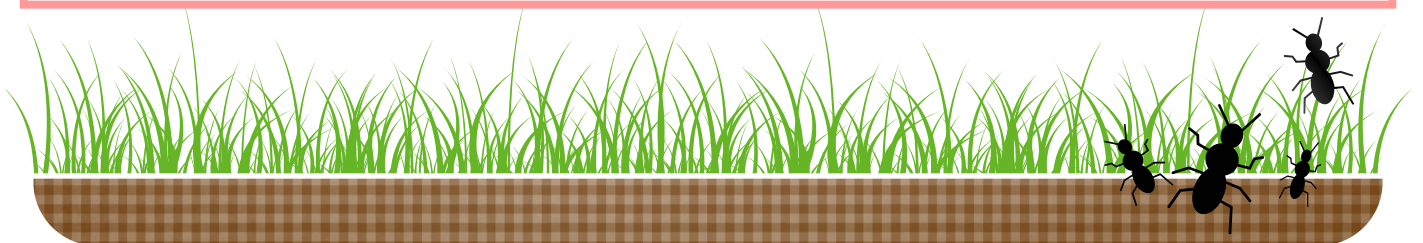

### **COMFORT OF DEPENDABILITY**

IZES's prudent leadership over the years has been an outcome of professionalism, discipline and a systematic

approach. It is a matter of pride for IZES to be consistently known among the most trustworthy organizations, not only in Hyderabad, India but all over the world. In spite of changing scenarios and challenging times, IZES's clear vision and services have successfully contributed to its functioning for more than 30 years.

### **ESSENCE OF GROWTH**

In recent years, growth has slowed down, due to various factors beyond the control of the management. IZM/IZES schools are unfairly being compared to corporate schools. We are catering to children of parents from very humble background. Majority of the parents of our students are wall painters, auto rickshaw drivers, Vegetable and fruit cart pullers, window glass fitters, etc. The parents are bringing up their children with great difficulties. They live in a single room dwelling unit, on a meager rent of Rs.2000/- per month, which is most of the times in default (unpaid). Admissions in schools are provided to all, without anyone being deprived of, due to the shortcomings of their parents, like illiteracy, poor socio economic background, etc

**POWER OF TEAMWORK**

The relationship between donor, IZES and beneficiary is a long term period. A child who takes admission in LKG in any of our schools is with us for at least 12 years, unless due to domestic situation, like change of residence, or break up between parents, etc he has to leave. Similarly, a sponsor of the student is associated with IZES for very long term. This long term association is only possible where there is unbreakable trust and confidence in the institution.

This is achievable only by the '**power of teamwork**'. Dependability, decision-making, strong value systems are some of the important factors of our organization.

**IMPORTANCE OF COMMUNICATION**

I have increased communication with donors (including those abroad), parents and members.

This communication has ensured that people are aware of the good work, even when questions are raised in social media and public portals.

Communication Enhancement- over the last few months we have been through a testing phase, with external forces attempting to spread miscommunication, in order to disrupt our progress. As head of IZES, with your support I have ensured that we communicate directly with our key stakehold-

ers i.e. the parents and donors. Healthy and constructive criticism will always be core to our values and I will continue to uphold this with the trust placed in me.

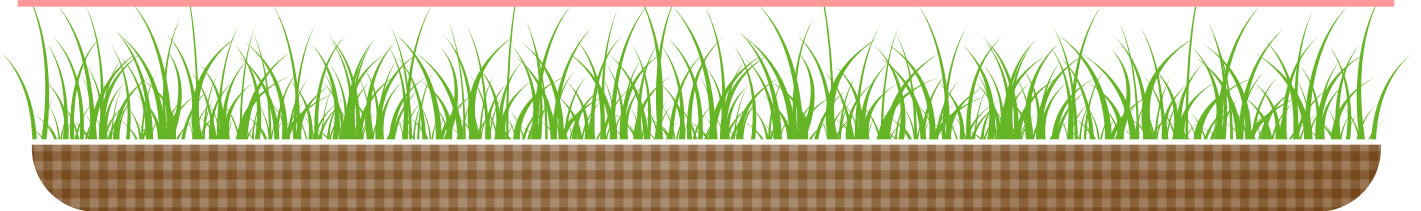

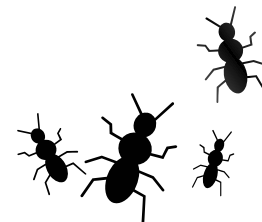

I am also pleased to let you know our search for donors is not limited to the traditional sources as we are making attempts to meet all donors across various countries and share our common values and passion for community development.

In 2019 School uniforms with modified design were distributed with the name displayed prominently in bold and bright design.

Inshallah, IZES will always ensure that right fundamentals are the reason of growth rather than the temporary trends of the times.

There are miles to go and millions more to reach...

## IZM SAJJADIYYA (C) GIRLS HIGH SCHOOL Annual Report for the academic year 2018-19

**Imam Ali (as) "Everything diminishes when it is used except knowledge."**

The Annual Report showcases the achievements and glories of our school, undoubtedly, but also makes us think deeply about improving ourselves. We have always been committed to create an environment in the school which helps the young minds to blossom and provide a platform for individual thinking and holistic development of the child's personality.

We set standards and goals for ourselves and strive to achieve them for the overall development of an individual – be it in the area of academics, sports, discipline, leadership etc.

### ACADEMICS

***"To be a great champion, you must believe you are the best. If you are not, keep on trying."***

I wish to begin with our performance on the academic front. Achieving academic excellence is at the heart of our Endeavour as educators. Academic achievements reflect a demonstrated ability to perform to the best of one's ability by developing one's intellectual potentials and skills diligently. We are happy to share the details of the exceptional performances of our students.

Excellence in academics is the hallmark of any good institution and class X. Results of the School prove without any doubt that our students have made us proud.

**IZES School Qayam Nagar**  
**ANNUAL REPORT OF ACTIVITIES**  
**FOR THE YEAR 2018-2019**

**“School is a place where learning is wor-  
ship”**

Our school started on June 1<sup>st</sup> 2018 for the teachers and for the students with the prime objective to offer quality education based on activities and projects given throughout the academic year.

According to the modern concept of education the three traditional Rs should be replaced by seven Rs, i.e., Reading, Writing and Arithmetic (denoting school subjects in the old concept of education) Rights, Responsibilities, Recreation and Relationships (new four Rs in the context of democratic values). This can be achieved only by providing a well-organized and supervised program of co-curricular activ-

ities along with curriculum program.

**CO-CURRICULAR ACTIVITIES**

Co-Curricular Activities are those activities which are undertaken side by side with the curricular activities.

These supplement activities prepare the students in the “Art of Living and Working Together”. Co-Curricular activities are a part of education. Student’s talent and caliber is brightened by these activities.
