ACADEMICS EXCELLENCE:

Academics are the core focus of our school. All the possible efforts have been taken and, we will continue to take, to ensure academic excellence in our school. We believe that excellence in academics is the hall mark of our school, as a good institution. ONLINE CLASSES the academic year 2020-21 commenced with the exclusive online classes on 6th July 2020, initially and later, a hybrid model of online as well as face to face classes were introduced. Detailed guidelines were issued by the authority to be followed during this pandemic.

Quality assurance in teaching: All the efforts have been taken to ensure quality in teaching. We have selected competent teachers during the current academic year and the selection process for the next academic year is going on. We have a very robust system of teacher's lesson observation which includes observation by the principal, group observation and peer observation. Twelve students were selected from Boys high school and eight students from Girls high school send to FOCUS academy so that they can improve in their academics for future education.

ACADEMICS: This is a hard fact that EXCELLENCE in academics is the hallmark of a good institution. In that case, IZM is heading towards the higher levels of accomplishments in a very commendable manner. The overall percentage of our batches of X (Session 2020-21) is 100%, besides excellence in academics, co-curricular activities have an important role to play in the holistic development of students. IZM rhapsodically believes in this aspect of education. Eventually, multiple kinds of virtual activities were organized throughout the year even in Lockdown.

CONCLUSION:

Leaders who lead by example position themselves as tremendous role models not only for the students in their school but for teachers, staff and the parents as well. A leader that leads by example almost always receives respect and admiration, without which he or she will find little luck in leadership. As philosopher Albert Schweitzer once said, "Example is not the main thing in influencing others; it is the only thing." Successful schools build and sustain reciprocal family and community partnerships and leverage those partnerships to cultivate inclusive, caring and culturally responsive communities. To build these community networks it is essential that school leaders are visible in their schools and community, develop trust and create a sense of transparency and shared purpose with parents, staff, community members and students.

I also believe that great school leaders are not running a one-man show; that they cannot do it all alone. They know that they must surround themselves with great teachers and colleagues and, not only that, they must fully support teachers and staff by encouraging them to continually learn, develop and, perhaps most important, become leaders themselves. Successful schools use data, including standardized and school-based assessments, to drive continuous improvement through site-based decision-making for the express purpose of promoting equitable and culturally responsive opportunities for all students.

And finally, I acknowledge and thank the efforts of Management, Teachers and the staff and nevertheless conclude saying,

- Teachers are motivated and willing to try new strategies because they trust their Principal and Management to support them.
- Students are motivated and connected to the school because they trust their teachers.
- Families are supportive because the principal and teachers have built trusting relationships with them.

“Every charitable act is a stepping stone towards Heaven”

The covid-19 pandemic has led to a dramatic loss of human life worldwide and presents an unprecedented challenge to public health, food system and the world of work. The economic and social disruption caused by the pandemic.

“No one has ever become poor by giving”

IZM has been helping the staff, students, parents and others by donating hundreds of grain bags, bed sheets, and blankets from time to time covered approximately 250 families and monetary help to teachers.

I appreciate The President and his team for their concern and dedication towards helping others.

IZES SCHOOL Q.N BRANCH:

“School is a place that provides education and education is the key to life”.

IZES School is a Co-Education school for boys and girls between the age of three plus to fifteen plus, from classes LKG to X.

It has a computer lab, science lab, a library, and well ventilated, spacious classrooms with a big playground for physical activities.

IZES is a non-commercial school provides education to the children of EWS (Economically Weaker Section) & helps a lot for the upliftment of the community.

Long lockdown and pandemic disturbed our plans. In spite of all hurdles we have completed the academic year from July'20 to April'21.

In the month of February'21 the Government of Telangana has given the permission for physical classes for 6th to 10th Students. At that time precautions taken both inside and outside the classrooms to prevent the spread of Covid-19 We arranged one person (Mr. Ali Abbas) from GHMC Dept. He sanitized the whole building, classrooms, washrooms, labs, playground etc. We followed the protocols of Covid-19 and encouraged students not to gather and socialized in big groups during lunch and while leaving the schoolground.

In that duration we assigned projects and all necessary tests and exams were held for classes IX & X as per the government schedule, papers evaluated, donor reports prepared from classes I to IX and even Parent's Teacher's meeting were conducted.

Telangana Government has announced to shut all educational institutions from March 24th 2021 due to rising number of covid-19 cases and postponed all exams once again we continued online classes from classes VI to X till April 30th 2021.

The Class X examination has cancelled due to nationwide surge in covid19 cases, promoted the students on the basis of internal marks given by the school. 23 students from our school passed the exam. Our toppers are Butool Fatima, Syed Kaunain Begum, and Zainab Banu.

GPA-10

GPA-9.8

GPA-9.7

The Students from Classes LKG to IX were also promoted due to surge in Covid19.

In the same month two delegates from Pune visited to IZM Schools for audit. Prof. Mujtaba Lokhandwala & Mr. Rizwan Bhojani

Prof. Mujtaba has visited to our School and met with Principal, staff, students and Alumni and inspected the whole building including Almirahs, Racks, Library, and Laboratory etc.

In his feedback he has mentioned "An Amazing School with a very enthusiastic team."

From 17 to 18 February'21 a two day workshop was organized on "joy of learning" which was conducted by Prof. Mujtaba at the STAR School.

The Principal and two teachers were attended the workshop. Workshops upgraded the skills in order to be at PAR with the current demand and expectations.

EDUCATION DURING PANDEMIC:

Due to pandemic, last academic year online classes were conducted for classes VIII to X from 7th July 2020.

Online Education is the new Experience for both teacher and student. It enables the teacher and the student to set their own learning pace and there's the added flexibility of setting a schedule that fits everyone's agenda.

Online learning offers teachers an efficient way to deliver lessons to students. It's an advantage to students that they can attend classes from any location of their choice.

During Online classes we called class X students and checked their work time to time.

Inspite of Pandemic we conducted Extra Co-curricular activities on zoom and celebrated Independence Day, Republic Day, and Teacher's Day. It builds strong bonding and friendship.

ADMISSIONS:

Academic year 2020-21 was a total chaos. It's unfortunate that no other sector has been as severely affected as the education sector. And parents were not in a position to admit their children in School as they did not have money to pay meagre admission amount & monthly fees.

Wages they earned was insufficient for basic necessities. GOVERNMENT SUPPORT TO

TEACHERS:

“The best teachers are those who show you where to look but don't tell you what to see.”

Pandemic is a hard lesson for private school teachers. With the closure of educational institutions in the wake of the Covid-19 pandemic teaching and non-teaching staff of many Private Schools are living a hand to mouth existence.

Hence, the Government of Telangana has decided to help private school teachers and helping them from the month of April'21 by giving Rs. 2,000 Per month and 25 KG.s of Rice. 50% teachers of our branch are benefiting with this scheme.

COVA (Confederation of Voluntary Associations) is a national network of voluntary organizations working for social harmony and community empowerment in India and peace in South Asia.

A joint initiative of COVA- CONARE- IMAM-E-ZAMANA-KARE-RDS-SUBBU.

This organization has come forward to help the teachers of private schools. Five Teachers & one Ayah were not getting any help from the government applied here and they have received Rs. 3000/- on 21st July 2021.

DONATIONS:

“It's not how much we give but how much love/care we put into giving”

Yes, Mr. Abbas Ali Ex Employee (Math Faculty) of our branch still loves our school and donated One Water Dispenser, and twenty four good quality chairs.

Mrs. Qaim Unissa Urdu Faculty has donated four ceiling fans and eight LED Bulbs for our new Block.

Small donations make a big difference as Our President grabbed the golden opportunity of 13th Rajjab on account of Viladath of our first Imam Hazrat Ali A.S. On this auspicious day he instructed to distribute biscuits to staff and students.

CONSTRUCTION:

“When we love someone we protect them from the pain, we don’t become the cause of it”.

Yes, we love our students and to protect them in school infra structure counts a lot. It is a fact that havingschools in good conditions is decisive for students to achieve the expected academic results.

Alhamdulillah we got a very good, airy and attractive building. We have recently constructed the boundary wall for safety and security.

“EDUCATION BREEDS CONFIDENCE, CONFIDENCE BREEDS HOPE, HOPE BREEDS PEACE...!”

THANK YOU

Regards,
AZRA SAMEENA.
