## Presidents Report 2021

### *A Purposeful Reflection:*

The year gone by has been like never before, with a pandemic of epic proportion testing us, as anxiety, fear and anguish coursed through the world. One that has united humanity together, compelling us to pause and look inward, urging us to bring about a positive systematic shift that leaves no one behind.

Tapping into the reservoir of inner resilience – mentally, physically, and emotionally, it meant stepping back without stepping away, to reflect mindfully, reset our inner compass and move ahead with renewed vigour. Theodore Roosevelt had once said,

*“The more you know about the past, the better prepared you are for the future.”*

Surmounting challenges during the past year, IZM has successfully managed to emerge stronger than what it was in the past. Pursuing its objective IZM intends to continue its journey towards fulfilling its aims and objective with greater zeal. We are looking to move towards a better tomorrow with the use of technology for the benefits of the donors and beneficiaries. A new website has been launched [www.izm.co.in](http://www.izm.co.in) with new features.

Capitalizing on its strength, IZM is marching towards a better tomorrow by building a stronger, leaner, and robust organization through concerted measures. Building upon the trust that its stake holders have reposed in it, IZM is seeking to cement its position as a leading institution in the field of education and help to the poor and needy.

As humanity is battling one of its biggest challenges in nearly a century, IZM reiterates its commitment to serve the community at large by making a difference in their lives through various financial as well as non-financial interventions.

*"It is vital to remain psychologically strong and stay united in our shared sense of purpose."*

The past year has been an economic roller coaster. The donors were apprehensive in the beginning and the future was uncertain. We witnessed a precipitous slowdown in economic activity in the first half, followed by an impressive sequential rebound in the second half.

In a year marked by anxiety and uncertainty, IZM turned in a creditable performance. The outlook for FY2021-22 is one of cautious optimism.

There is heightened uncertainty around the timing and shape of the recovery trajectory. A rapid scale up in the pace of vaccination and gearing up of the healthcare infrastructure to mitigate the impact of possible future outbreaks would be critical going forward.

*"Adversity breeds innovation. Powered by ingenuity."*

One unintended but welcome consequence of the pandemic has been the rapid adoption of digital technologies. Another positive fallout has been an increased awareness of sustainability and a more stringent emphasis on Environment Protection, Social Responsibility and Governance framework.

As the world prepares for a post-pandemic future, IZM is actively working towards sustainability, an agenda which reimagines sustainability under the pressing challenges. IZM believes that agility in thought and action, meaningful partnerships and responsible competitiveness will act as core enablers of this new agenda.

- The infrastructure and manpower of the organization have been effectively utilized for furthering our objective of social upliftment with greater zeal.
- Ayatullah al-Uzma Syed Ali Khamenei has given IZM ijaza to receive Khums without any limit for a period of three years.
- An initiative to enable volunteers to apply, by giving full particulars of their expertise along with the days and time which they can give for the cause, has started.
- An alumni association of the students of IZM schools is proposed to be started. It can be an additional pillar of strength for the organization.
- Continuous efforts are on to secure the properties, in an effective manner.
- Efforts are on to establish relationship with new donors and strengthen relationship with existing donors.
- Commendable efforts were made successfully, to provide for the basic needs of the teaching fraternity.
- First time in the history of IZM, a 50% rebate in fees for the academic year 2020-21 was given to all students, who had no sponsor or help, studying in IZM schools.
- Best quality notebooks, along with pen, pencil & sharpener, from ITC are being supplied free to all sponsored students, studying in IZM schools. These have been procured directly from ITC at a special price of just Rs.21 after a discount of 53%.

As we pass through a crisis of unprecedented magnitude, I would like to thank Team IZM as well as our donors, beneficiaries and other stake holders for the confidence and trust they have reposed in us. I also thank my fellow board members for their invaluable support in guiding the organization and enabling another year of growth.

*Akbarali Kasimali Virjee*

*President.*
