Introduction

IZM - VISION

To support individuals living in extreme poverty who lack the basic resources and support needed for survival, while providing them with equal opportunities to improve their lives and achieve better living conditions.

To empower underprivileged members of the community by improving their economic well-being and enabling them to live with dignity, self-respect, and independence.

To provide financial and educational support to deserving children, enabling them to access better opportunities and helping the community progress equally alongside others.

Introduction

IZM :- MISSION

To provide safe and suitable shelter to those in need across various locations.

To provide financial assistance to individuals or groups to start, establish, or expand their own businesses.

To collaborate with volunteers in performing Qaza Namaz, observing Roza, and reciting the Quran for Isale Sawab of the Marhumeen.

To uphold fairness and fulfill our responsibilities toward all stakeholders who have entrusted us with their time, resources, and children.

To support the sick and help them recover and regain their health.

Academic Programs & Interventions

School Reopening

Reenergized from summer break, we welcomed students back to campus with fresh vitality. Our team focused on creating a supportive space for students to reconnect through shared learning and play.

Experiential Learning in Pre-Primary

At IZM Schools, hands-on, sensory-rich play fuels early curiosity and movement. This active approach builds motor skills, boosts retention, and lays the groundwork for lifelong success.

Bridge School

Building on its successful 2024–25 launch, our Bridge School initiative now supports over 150 students across campuses, helping children overcome learning gaps and transition confidently back into mainstream classrooms.

Qur'anic Classes

Our specialized Qur'an recitation program for students in Classes 6 to 8 emphasizes mastery of Tajweed, accurate articulation, and correct Arabic letter sounds. Educators provide step-by-step guidance, ensuring that students grasp the fundamentals of recitation.

SPARK – The Science Backed Reading Intervention Program

The program helps struggling readers by focusing on essential cognitive skills like memory, attention, processing, and sequencing. Its smart algorithms adjust difficulty based on individual progress, keeping the work engaging and accessible.

Reading Intervention : OBS cards

Our Orient Blackswan card-based reading intervention enhances early literacy by improving phonemic awareness in emerging readers. It uses visual and auditory cues to help students decode and construct words more effectively.

The Math Lab – Learning by Doing

Our Math Lab offers an engaging space for students to explore and enjoy mathematics through hands-on practice. With creative teaching materials, learners actively investigate and confidently grasp concepts rather than just memorizing numbers.

Class 10 Students at IZM Schools Leverage Tablets for Exam Preparation

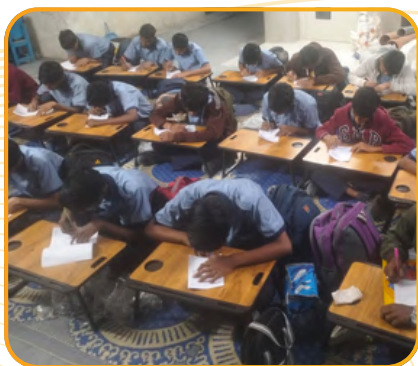

Class 10 students at Imam-E-Zamana Mission Schools continue to utilize school-provided tablets to access custom-prepared exam materials. Integrated seamlessly into daily school hours, this technology consistently enhances their learning experience and focused exam preparation.

C10 after school support

The Class 10 After-School Support Program provides focused academic and emotional support for students preparing for board exams. It addresses learning gaps, strengthens essential concepts, and promotes exam readiness in a nurturing environment. The program also includes sports during study breaks to help students feel rejuvenated.

After-School Remedial Support High School Students

Our after-school support program for High School focuses on strengthening foundational skills in English and Mathematics. It provides targeted assistance to address individual knowledge gaps and reinforces daily classroom instruction to enhance academic performance.

CREST - Career Programme

The CREST Career Programme, offered by Vocatio in collaboration with IZM schools, provided an opportunity for students of Grades 8 to 10 to delve into their strengths, interests, and potential career paths.

- Over a span of six months, the Vocatio team engaged with students on a weekly basis.
- They guided students in exploring study preferences, educational streams, levels, and options after completing Grade 10.
- The “Career Kaleidoscope” event showcased over 100 different careers.

Students remained curious and engaged throughout the programme, and their confidence soared by the final session.

Counseling & Students Well Being

IZM Schools places a strong emphasis on emotional well-being in conjunction with academic achievement. This commitment is bolstered by dedicated counselors and a well-structured Behavior Cards and Rewards Points System known as MAP (My Action Points).

Handwriting Sessions

Our dedicated handwriting program enhances fine motor skills and penmanship through engaging, structured practice.

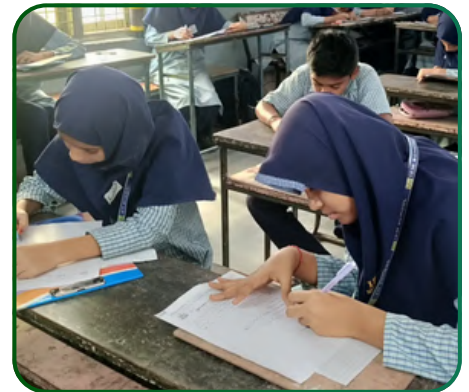

Academic Activities & Competitions

Baseline Assessment

Baseline assessments in Languages (Urdu/Hindi, English) and Mathematics for Classes 1 to 8 evaluated reading, writing, vocabulary, comprehension, and numerical skills. Additionally, a graded word-reading assessment called Lexercise was conducted to assess students' ability to read grade-level academic words, from Pre-Primary to Grade 11.

Spell Bee Competition

The Spell Bee Competition convened, as it does each year, to elevate students' vocabulary, sharpen their spelling prowess, and bolster their confidence in the art of public speaking.

Math Olympiad

Our students enthusiastically participated in the Ramanujan Math Olympiad, an inter-school competition held at Focus High School, Darushifa. Several students secured positions among the Top 10 and received prizes.

History Hunt – Inter-House Quiz

The History Hunt Inter-House Quiz was organized as a dynamic competition to test students' historical knowledge, speed, and teamwork.

Noor-e-Zehra (S.A.) Quiz

The Noor-e-Zehra (s.a.) Quiz was held on the birth anniversary of Hazrat Fatima Zehra (s.a.), showcasing enthusiastic participation from all four houses of the school.

Qaza Namaz, Roza and Recitation of the Holy Quran

The Qaza Namaz, Qaza Roza, and Holy Quran Recitation Project serves a dual purpose: facilitating the fulfilment of religious obligations and Isale Sawab for the Marhumeen, while providing financial assistance to deserving individuals who are confined to their homes and unable to earn a livelihood through regular employment.

The project is conducted every Wednesday under the supervision of the Project Manager. Approximately 60 regular beneficiaries, the majority of whom are women, participate in performing Qaza Namaz, observing Qaza Roza, and reciting the Holy Quran. Before any neeyath is assigned, each beneficiary's ability to perform Namaz correctly and recite the Holy Quran is assessed to ensure the required standard.

Upon completing the assigned neeyath, beneficiaries submit a completion report, which is duly verified before payment is released. Imam-e-Zamana Mission (IZM) maintains comprehensive records of funds received, neeyath assigned, completion reports, and payments made. Detailed reports are also provided to donors, ensuring transparency and accountability throughout the project.

Donors Acknowledgement and contribution

Donors are kept regularly informed about the progress of projects, the utilization of their contributions, and any queries relating to their donations through timely email communication. Project updates, reports, and donation tariffs are also circulated periodically to our existing and prospective donors.

To strengthen our outreach and enhance the visibility of our activities, Imam-e-Zamana Mission (IZM) actively utilizes various digital platforms, including its website, WhatsApp, Facebook, YouTube, Instagram, and LinkedIn, to share updates, reports, and community initiatives.

On behalf of Imam-e-Zamana Mission (IZM), we express our heartfelt gratitude to The World Federation of Khoja Shia Ithna-Asheri Muslim Communities (United Kingdom), Sajjadiyya Trust (Canada), Islamic Education Centre, Houston (USA), Saheb-e-Asr Mission (USA), Beta Charitable Trust (UK) and numerous generous individual donors for

their invaluable financial support towards our various humanitarian and educational projects. Their trust and generosity have enabled us to continue serving the underprivileged with dedication and compassion.

The Board also extends its sincere appreciation to our Chartered Accountants, M/s SKVG & Associates, for their professional guidance and support in the areas of accounting, FCRA compliance, statutory matters, and financial governance.

We earnestly appeal to the donor community to continue and increase their support towards the upliftment of the underprivileged. Meaningful and lasting change at the grassroots level is only possible through the continued generosity and partnership of our donors. Every contribution, regardless of its size, helps transform lives and brings hope to those most in need.

A Shared Vision for a Stronger Future

At IZM, we remain guided by a simple yet profound belief: **every child deserves the opportunity not only to learn, but to dream, to grow, and to build a meaningful future.** Our journey has always been about more than education alone. It is about creating opportunities, strengthening families, and empowering young people to become confident, capable, and self-reliant.

As we move forward, we are taking the next important steps in this journey.

Education remains at the heart of our mission but our vision is now expanding beyond the traditional classroom. We are moving towards creating a more continuous and purposeful pathway for our students, from school to higher education, professional careers, and meaningful livelihoods.

At the centre of this vision is a **new multi-storey educational and skill development centre**, designed to bring together opportunities that our young people need to thrive in a rapidly changing world. The centre will provide **Intermediate education for both boys and girls across multiple streams**, while also creating pathways for students aspiring to pursue competitive examinations and demanding professional careers, including **IIT-JEE, NEET, UPSC and Civil Services**. The aim is not simply to prepare students for examinations, but to cultivate the discipline, curiosity, analytical ability and depth of thinking required to excel in them and beyond.

The new centre will also aspire to become an **Advanced Mathematics and Science Centre**—a space where students are encouraged to move beyond memorising concepts and instead question, investigate, reason, experiment and discover.

By creating opportunities for students from IZM and other educational institutions to learn together, explore deeper ideas and engage with challenging problems, we hope to nurture a culture of curiosity, critical thinking and intellectual confidence.

Beyond academics, our vision is to create a **skill-oriented environment where education connects meaningfully with the world of work.** Young people will have opportunities to develop practical, technical, digital, communication and professional skills, receive career guidance, explore different pathways, and prepare themselves for employment, entrepreneurship and further education. In doing so, we hope to build not only graduates, but capable, confident and future-ready young people who can find purpose in what they learn and create value through what they do.

This new multi-storey centre represents more than a building; it represents our aspiration for the next generation – a place where education meets opportunity, curiosity meets knowledge, and knowledge meets skills, helping our youth discover their potential and build purposeful, independent and fulfilling futures.

On behalf of IZM and IZES, we extend our heartfelt gratitude to everyone who continues to make this vision possible – our Executive and Managing Committees, dedicated teachers and staff, generous donors, well-wishers, and the entire IZM and IZES community. Your trust, generosity, and commitment give us the strength to dream bigger and serve our community with greater purpose.

Together, let us continue to educate, uplift, and empower—creating pathways of opportunity for every child, strengthening every family we serve, and building a generation that is equipped to shape a brighter future for themselves and for our community.

May Almighty Allah bless you abundantly for your continued support, generosity, and faith in this shared mission.
